## 3 in one cooling pad

Titan launches a stylish and portable cooling pad. The TTC-G9TZ, a modern 3 in one multi-functional aluminum cooling pad could be separately used both on the desk and on your laps, is the excellent choice for laptop users. The lightweight and foldable board design is good for portability. Otherwise, for the safety suggestion, using the aluminum board individually could prevent users from hurting by high temperature that generated from laptops; meanwhile accelerating cool air flow. The anti-slide function increases a convenient lap top use and keeps intakes from being blocked by your body. TTC-G9TZ with the USB powered feature comprises two silent fans sized in 8cm which could help draw heat away from your laptop immediately and promote the computing efficiency. The thickness of the aluminum board is only 0.6 cm; its ultra-slim design is easy to be packed into your nettop bag. Come and enjoy all superior cooling and portable benefits of TTC-G9TZ!

### Specifications
